Categories: FOIA

Hello Lisa,

We have a little more information in terms of timing but still nothing confirmed. It looks like we may be having that training in October or November. The OEJ staff person is on detail in another department and there are some considerations of how best to do this year's training. So discussions are still going on. As soon as we get more information I will let you know. Hopefully this will help with your timeline. But you are free to get started on your project. Thank you for your patience.

Regards,

Sheryl
